

lib/odometry/TwoWheelOdometry
Manager.h

```
graph TD; A["lib/odometry/TwoWheelOdometry Manager.h"] --> B["OdometryManager.h"]; A --> C["Encoder.h"];
```

The diagram illustrates a header file dependency structure. At the top, a grey rectangular box contains the text "lib/odometry/TwoWheelOdometry Manager.h". Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled "OdometryManager.h". The right arrow points to another white rectangular box labeled "Encoder.h".
